### **Travel information**

There is a direct train connection between [Schiphol International Airport](#) and [The Hague Central Station](#). It is the fastest and most convenient way to get to the city centre. The train station is situated directly below the airport (entrance via Schiphol Plaza). Please check: [Travel information | NS](#) to plan your journey up front.

Keep in mind that The Hague has several train stations, so be sure to travel to Den Haag CS (Central Station), as this station will be the closest to our location and the city centre. The journey time from Amsterdam Schiphol to Den Haag CS is about half an hour. A one-way ticket costs around 10 euro (second class) and 17 euro (first class). You can check in and check out (don't forget to check out!) with a modern debit card.

Please check and plan your journey in time!

### **By tram or bus**

The Hague has an efficient city wide system of light rail (RandstadRail), busses and trams.

Dutch Public Transport Planner: <http://9292.nl/en>

### **From your Hotel to Statistics Netherlands (CBS):**

When you are staying in The Hague/Den Haag: take tram 3 or 4 in the direction of Zoetermeer. Get off at "Leidschenveen" station. If you leave the platform, you will see a footbridge ahead of you. This will lead you to the main entrance of the CBS building.

### **OV-chip card is valid for the entire public transport network in the Netherlands**

If you want to make frequent use of the public transport during your stay, you could buy an **anonymous OV chip card** (€ 7,50), as this is the Dutch public transport smartcard for all public transport in the Netherlands. The same card allows you to travel by train, tram, bus and metro. You can purchase these cards with a credit card at the yellow ticket machines, at Schiphol airport, or you can buy them at the ticket office at the train station. Please note: before you can travel you need to load credit onto the card! See <https://www.ov-chipkaart.nl/>

Note: the OV-chip card/smartcard is rechargeable but not refundable. They are valid for five years so you can keep them for your next visits to The Netherlands!

You must always check in and out with an OV-chip card. So hold your card against the card reader not only at the start of your journey, but also at the end of your journey, or when you transfer to another mode of transport.

As mentioned above, for an accidental ride with the public transport it is convenient that you can check in and check out with your debit card, then you won't need this OV chip card. Don't forget to check out!!
